*Why players play!*

*“Finally, a league for social golfers to win prizes too, it’s not just for handicapped golfers.”*

*“I can count any round I play as a league round even club competitions and when I beat my Target Score, I could win up to \$1,000 in one go! That’s more than all the prizes combined that my club currently offer.”*

*“No players to beat to win prizes. This adds value to comps rounds and social rounds of golf I play and I like helping the Cancer Council.”*
